

Genius Entrance Test

G.E.T. Genius!

Mixed High Range I.Q. Test

Along with your answers, please send your full name & country, age & sex, all prior I.Q. scores, time devoted on the test and verification of identity to genius.entrance.test@gmail.com . Explanations for your answers are welcome and can be helpful in scoring your submission.

Verbal Associations

Objective: find the common association.

Example: (shelf, library, read). The answer is book.

All associations can and must be solved with one word only. Correct answers yield one point.

1. treasure, case, breast
2. key, skate, leader
3. first, last, identity
4. gun, cause, pull
5. free-fall, mass, field
6. intelligence, pregnancy, blood
7. vision, weight, c
8. engagement, divorce, ceremony
9. music, magnetic, adhesive
10. could, food, preserve

Verbal Analogies

Objective: find the term that best completes the analogy.

Example: water : liquid :: ice : solid

All analogies can and must be solved with one word only. Correct answers yield one point.

1. padlock : key :: safe lock : ?
2. apartment : building :: building : ?
3. velocity : vector :: acceleration : ?
4. school : pupil :: firm : ?
5. centrifugal : centripetal :: buoyancy : ?
6. sell : buy :: lend : ?
7. fire : spark :: colony : ?
8. rectangle : bill :: circle : ?
9. microphone : diaphragm :: ear : ?
10. one : plus :: two : ?

Numeric Problems

Objective: find the numbers that replace the question marks.

Example: 23, 34, 55, 86, ?

The correct answer is 127.

(+11, +21, +31, +41)

Only basic mathematical operations are required for solving the numeric problems below. A correct answer is the one that satisfies all clues without unnecessary complexity and yields one point.

- 1) 284, 4164, 6244, 8324, ?
- 2) 329, 474, 556, 683, ?
- 3) 12, 24, 96, 576, 3456, ?
- 4) 149, 206, 92, 263, ?, ?
- 5) 14, 15, 18, 27, ?
- 6) ?, 18, 18, 76, 152, 239, ?
- 7) 23576395, 5957, ?, 9
- 8) 376, 9126, 97414, ?
- 9) 13.67.20, 32.19.49, 77.10.?
- 10) 3377.4, 43914.5, 531127.6, 6332521.7, ?
- 11) 25:37, 68:53, 36:22, ?
- 12) 37, 58, 89, 145, ?
- 13) 41937, 4932, 231, ?
- 14) 567, 198, 693, 297, ?
- 15) 679, 488, 442, ?
- 16) 23, 51, 64, ?
- 17) 10, 23, 54, 67, ?
- 18) 1, 6, 16, 30, 49, ?
- 19) 19, 38, 27, 54, 45, ?, ?
- 20) 157, 396, 234, 162, ?
