28. upwards, downwards, step
29. tape, surface, head
30. empty, warranty, null
31. scale, small, model
32. entity, existent, absent

Objective: find the terms that unify the others.

Please send up to two answers for each question. Terms need not be one word only. For example, "reverse engineering" can be a valid term that answers a question.

You can justify your responses with short sentences and by quoting references. If possible, attach links to references. You are free to devote as much time you'd like on this questionnaire.
